EXPERIENCE

Senior Software Development Engineer   Feb '22 — Oct '23
Kongsberg Digital
- Spearheaded a cross-functional team in digitizing well monitoring and logging activities, focusing on mudlog logging, cementing, and tracking lithological & geological parameters.
  Orchestrated agile product development processes, ensuring iterative development cycles and alignment with stakeholder needs.
  Facilitated collaboration with product management, design support, and support teams to translate requirements into high-quality digital solutions.
  Optimized team capacity utilization and maintained healthy delivery metrics to meet project deadlines effectively.
  Ensured high-quality solutions by reviewing High-Level Designs (HLD) and Low-Level Designs (LLD) to validate thoroughness and feasibility.

Senior Manager UI   Dec '21 — Feb '22
Morgan Stanley

Senior Software Engineer   Oct '18 — Dec '21
GE Healthcare
- Led a team of 5 in developing Periop applications for capturing device data and user inputs during various stages of patient care.
  Utilized Angular8, TypeScript, JavaScript, CSS3, and HTML5 for frontend development, adhering to agile development practices.
  Conducted agile ceremonies such as sprint planning, daily stand-ups, and retrospectives to ensure smooth project execution.
  Played a pivotal role in fostering cross-functional collaboration between development, product management, and QA team to deliver user-centric solutions.

System Engineer and IT Analyst   Sep '15 — Sep '18
TCS
- Led the frontend development efforts for various applications, ensuring intuitive user interfaces and seamless user experiences.
  Developed web services using Spring Boot, RESTful APIs, and Hibernate framework to facilitate efficient communication between frontend and backend systems.
  Implemented unit tests for applications using Mockito and PowerMockito frameworks, ensuring robustness and reliability of codebase.
  Collaborated with cross-functional teams to gather requirements, design solutions, and deliver high-quality software products.

Project Engineer   Feb '13 — Aug '15
Wipro Technologies

SKILLS

Programming Languages   Angular2+, JavaScript, Typescript, Java
Web Development   HTML5, CSS3, Jasmine, JQuery
Database   SQL, MySQL
Version Control   Perforce, GIT, SVN
Testing   Mockito, Power Mock

EDUCATION

B-Tech in B-Tech, NIST,BPUT (GPA: 8.1 CGPA)

Highschool in 10+2, C.H.S.E (GPA: 63.1%)

Highschool in 10th, C.B.S.E (GPA: 85.6%)

AWARDS

Scrum champion and for Collaboration in Unit Meetings
GE

Team of the year 2016
pladis

Star of the Month Award
TCS
